

HONOR MOTHER EARTH

A note from our Culinary Director

The vision for Bloom Kitchen was inspired by my own personal journey into wellness. I was inspired to create this dining experience to highlight the magnificent varieties of fresh and forgotten flavors on the Island of the Gods, Bali Indonesia.

Our incredible team takes great care when sourcing our ingredients, from our in-house permaculture gardens, partnerships with local farmers and foragers from the Karangasem and wider Bali regions, to our sustainable meat, fish & dairy products.

SUSTAINABILITY PARTNERS

BALI SUSTAINABLE SEAFOOD

Bali Sustainable Seafood works to develop Eco Fisheries around Indonesia. All fish are line caught by small scale fishing boats. Transported in temperature controlled environments from ocean to plate.
